

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election without equal time for pro-Kerry material is against FCC regulations and a direct threat to our democratic election process. The FCC must step in to stop this unlawful travesty of Sinclair's commitment to serve the public interest in return for the use of the public airwaves free of charge.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to require more documentation than a returned postcard. Thank you.
